

eStore Updates

Feel free to suggest any new articles that you may want us to create?

Please email us on: support.e-store@compusoftgroup.com

Coming Soon: eStore Updates to Enhance Your CMS Experience:

1. *CMS - New Payment Gateway - Stripe Integration (New)
2. *CMS - Delivery Settings Checker (New)
3. *CMS - Product Data Checker (New)

*A CMS is a content management system that allows admin users to log in securely via an online link.

1. **New Payment Gateway – Stripe Integration:**

Simplify payments with the new seamless [Stripe](#) integration, offering secure & efficient processing. It features a modern interface, and you can enable several payment plans, PayPal, Google Pay, Apple Pay.

2. **CMS Delivery Settings Checker:**

From the CMS admin section, you can now check current delivery status online and verify if your delivery options have been assigned and set up in your EQ Flex system, making problem-solving much easier.

3. **CMS Product Data Checker:**

From the CMS admin section, you can now easily view and check all online product items, including products with images and descriptions. You can search and verify if your options are enabled, active, assigned, and properly set up in your EQ Flex system, simplifying troubleshooting.

Product Data

* We will keep you informed as soon as the new CMS 2.28 is available and ready for use.

Feel free to recommend any useful features or innovative solutions that could improve your experience! For example, a CMS dashboard showing site usage, orders, and users, a visual bar chart or graphics dashboard, or adding helpful videos that guide you through each step, making it easy to follow, available in our [Support Centre](#).

We're always eager to hear your thoughts and continuously improve!
